ABOUT ME

Highly motivated and detail-oriented Data Science and Artificial Intelligence Master's student with a strong foundation in Machine Learning, Reinforcement Learning, Statistics, and Software Engineering. Proficient in programming languages, data science tools, and software engineering skills. Passionate about developing scalable AI solutions and contributing to cutting-edge development teams.

EDUCATION AND TRAINING

Upper secondary education diploma - Technical schools **INFORMATICS AND TELECOMMUNICATIONS**

IISS Ettore Majorana [2016/09/12 – 2021/06/08]

Address: Via Partigiani, 1, 24068 Seriate (Italy) **Website:** <https://www.ettoremajorana.edu.it/> **Final grade:** 91/100 **Level in EQF:** EQF level 4

Bachelor's degree in Artificial Intelligence and Data Analytics

University of Trieste [2021/10/04 – 2025/04/26]

Address: Piazzale Europa, 1, 34127 Trieste (Italy) **Website:** <https://ai.units.it/> **Final grade:** 91 **Level in EQF:** EQF level 6 **Thesis:** Energy optimization of an apartment using AI

- Developed foundational expertise in mathematics, statistics, and computer science, focusing on Advanced Programming (Python, C), Data Structures, Optimization Algorithms, and Machine Learning.
- Completed additional coursework in Numerical Analysis, Computability, Complexity, and Logic, Ethical, Social, and Legal Aspects of Artificial Intelligence, Information Theory and Quantum Mechanics.
- Designed and executed a Bachelor's Thesis titled "Energy optimization of an apartment using AI," applying online Recursive Neural Networks (RNNs) to smart-home sustainability.

Master's degree in Data Science and Artificial Intelligence

University of Trieste [2025/04/26 – Current]

Address: Piazzale Europa, 1, 34127 Trieste (Italy) **Website:** <https://ai.units.it/> **Level in EQF:** EQF level 7

Developing advanced competencies in cutting-edge AI architectures, specializing in:

- Advanced Deep Learning and Kernel Method, Computer Vision, Natural Language Processing (NLP), Data Mining, Probabilistic ML and Reinforcement Learning.
- Implementing practical MLOps pipelines and HPC/cloud-computing configurations for AI scalability.
- Completed additional coursework in Ethics and Law of Artificial Intelligence, Statistical Methods, Explainable and Neuro-Symbolic Artificial intelligence, Simulation Intelligence and Learning for autonomous System.

WORK EXPERIENCE

Prof. A. Celani – Trieste, Italy

Address: Strada Costiera, 11, 34151 Trieste (Italy) **Website:** <https://www.ictp.it/> **Email address:** acelani@ictp.it
Name of unit or department: Quantitative Life Sciences Section

Internship at ICTP

[2026/06/15 – Current]

Spearheaded a 300-hour research internship in Inverse Reinforcement Learning, developing algorithms to infer optimal policies from expert agent trajectories.

Conducted a literature review, developed metrics suited to the problem, and optimized the implementation to achieve the required results.

 **Nicolò Capobianco** – Bergamo, Italy

Guest Lecturer

[2026/04/08]

Deliver introductory lectures on Artificial Intelligence to high school students

Explain core AI concepts, current applications, and ethical considerations

Present technical topics in an accessible and engaging manner for a non-technical audience

 – Italy

Private tutor

Managed to tutor middle schoolers, high schoolers and even some university students in primarily scientific and technical subjects such as mathematics, physics, and computer science (mainly coding).

 **Ristorante pizzeria Tre Isole** – Tavernola Bergamasca, Italy

Address: Via Roma, 18, 24060 Tavernola Bergamasca (Italy)

Waiter and Bartender

[2021/07/01 – 2021/08/31]

Multilingual table service for international clients, coordinated with the kitchen for order management and ensured responsibility for the dining area as a Waiter and Bartender.

Managed bar counter, inventory replenishment, and drink preparation.

 **Ristorante pizzeria Tre Isole** – Tavernola Bergamasca, Italy

Address: Via Roma, 18, 24060 Tavernola Bergamasca (Italy)

Dishwasher

[2020/07/01 – 2020/08/31]

Kitchen cleaning and assistant cook for restaurant opening

SKILLS

Programming and Markup Languages

Python (Advanced) / C++ / C / R / Matlab / Java / PHP / Bash / Latex / Markdown

AI & Data Science

Machine Learning / Deep Learning / Reinforcement Learning / Data Science | Data Collection, Data Processing, Data Analysis, Data Visualisation / Natural Language Processing / Computer Vision / Algorithm Optimization / Data structures and algorithms / Advanced and Parallel Programming / HPC

Tools & DevOps

Windows / Linux / Visual Studio Code / Jupyter Notebook / Google Colab / Docker Container Architecture / Git version control / Database and SQL / Autodesk Fusion

Core Software

Teams (Microsoft Teams) / Microsoft Office (Outlook, Excel, Word, PowerPoint) / Discord, Skype, Zoom

Soft Skills

Quick learner / Highly motivated / Teamwork communication and conflict resolution / Problem solving / Adaptability

CERTIFICATIONS

[Microsoft & LinkedIn, 2026/07/09]

Career Essentials in Generative AI Earned the Career Essentials in Generative AI certification from Microsoft and LinkedIn. Learned how to use AI tools, like Microsoft Copilot, to automate daily workflows, draft content, and apply prompt engineering.

[AICA, 2021/05/10]

EUCIP IT Administrator Completed and master the subjects of the following modules:

- PC Hardware
- Operating Systems
- Networks
- Cybersecurity

[Cisco Networking Academy, 2019/08/08]

IT Essentials: PC Hardware and Software Assembled, repaired, and upgraded personal computer hardware components according to technical specifications.Installed, configured, and maintained Windows and Linux operating systems.Configured network devices, internet routing, and cloud service connections securely.Implemente d host, data, and network security protocols, executing advanced hardware and software troubleshooting.

[IISS Ettore Majorana, Seriate, 2019/05/31]

Safety course Obtained general training course and medium risk to health and safety for workers.

[AICA, 2016/01/26]

ICDL Base Completed and master the subjects of the following modules:

- Computer Essentials
- Online Essentials
- Word Processing
- Spreadsheets

DIGITAL SKILLS TEST RESULTS

	Information and data literacy	ADVANCED	Level 6 / 6
	Communication and collaboration	ADVANCED	Level 6 / 6
	Digital content creation	ADVANCED	Level 6 / 6
	Safety	ADVANCED	Level 6 / 6
	Problem solving	ADVANCED	Level 6 / 6

Results from a [self-assessment](#) based on [The Digital Competence Framework 2.1](#)

LANGUAGE SKILLS

Mother tongue(s): Italian

Other language(s):

English

LISTENING B2 READING B2 WRITING B2

SPOKEN PRODUCTION B2 SPOKEN INTERACTION B2

French

LISTENING A2 READING A2 WRITING A1

SPOKEN PRODUCTION A1 SPOKEN INTERACTION A1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

HOBBIES AND INTERESTS

AI Challenges and Conventions I've attended various conventions or talks on various topics related to the world of AI. I greatly appreciate these activities as a way to stay in touch with other members of the academic community and stay up-to-date on current topics.

I have also participated in several 12- or 24-hour hackathons, all focused on state-of-the-art topics in the field of AI. I managed to place tenth and fifth with my team in the last two events. I really enjoy participating in this type of activity, which allows me to interact with other students and compete for a common goal.

Free Time Activities I'm an active gym enthusiast and former Regional Stand-Up Paddleboarding Champion (2019). I think that everyone should practice a bit of sports, both for health reasons and to get more in touch with themselves.

I competes in large-scale tournaments of trading card games (One Piece TCG), enhancing strategic planning, memory, and analytical thinking

I'm passionate about pop culture, video games, and sci-fi cinema. I love spending some time alone on the sofa, reading a book or watching a movie.
